MODULE

Module 1: Writing HTML.

- ✓ Adding home page.
- ✓ Game page with levels

Module 2: Adding Styles (CSS)

- ✓ Styling previously designed web pages.

For Module 1 and Module 2 together it may take 3-4 days.

Module 3: Making the game fully functioning, i.e. Adding JavaScript.

- ✓ As it has to be interactive, we use JavaScript here.
- ✓ We are using jQuery as it is fast, easy and feature-rich js library.
- ✓ Adding fully functioning levels.
- ✓ Adding Timer and Steps counter

For module 3 it may took 4 days.

Totally this project can be completed in less than 10 days.
